Common Ground is a new film about how regenerating the world’s soils has the potential to rapidly stabilize Earth’s climate, restore lost ecosystems, and create abundant food supplies. This film explains why transitioning to regenerative agriculture could be key in rehabilitating the planet while simultaneously invigorating a new sense of hope and inspiration in viewers. People are calling Common Ground “The Most Important Film You’ll Ever Watch” -- which is a really big claim. But it just may be true. We are excited to be hosting an in-person screening of this powerful film in Farr Hall at Asbury United Methodist Church.

Please register your attendance by placing
this card in the offering plate.

*** CALL TO WORSHIP**

Allison Lehmann

We come like Philip:

following the angels,

waiting for a word from the Spirit.

So breathe your Word into us, O God,

that we might have boldness

to speak to the stranger on the road,

to proclaim the good news about Jesus,

to love one another.

Let us dwell within your deep love for us.

Let us live within the truth of Scripture:

Perfect love casts out all fear. Amen.

PRAYER OF PRAISE

Allison Lehmann

**You, loving God, are the ground of our being and the river
of life; you both steady our roots and draw them to seek the
living waters. You are like the sunlight enticing us taller
and like the breeze rustling our leaves. You are with us
through hard seasons of summer heat, and in the nights
when winter's frost ice the landscape your love warms and
sustains us. You are everything to us. O let our gratitude be**
